

Subject Index for Transactions of NNNS (incl. Bird & Mammal Report) Vols 24-40 (1976-2007)

Note 1 For B&M Reports the asterisked year is that to which the report refers (published in the subsequent year)

Note 2 In alphabetising, punctuation marks are recognised so, for example *Bat survey* precedes *Bat, Nautilus'*....

Note 3 In PUB column: T=Transactions: B= Bird & Mammal Report

Taxonomic tags (last column) allow general searches >
Search tip: Tick 'FIND ENTIRE CELLS ONLY'

Index starts at line 44
